

Client Shipping from a Quote

Clients have the ability to view and ship/book the quote, that was provided by Operations, from the email they receive.

When a quote is saved in Aerotrak, Operations will be able to add the client's email address and send the quote directly to them from our system. The email the client receives will have a link for them to review and accept/book the quote.

The screenshot shows the 'QUOTE' page in the Aerotrak system. It includes a navigation bar with options like 'Search Waybill', 'Dashboard', 'Tools', 'Orders', 'Quoting', 'Finance', 'Admin', 'Reports', 'Quick Menu', 'Aerotrak Online', and 'Intranet'. The main content area is divided into several sections: 'Origin Information' (Client ID: 131800, City: Ormond Beach, FL), 'Destination Information' (Client ID: 100153, City: Boston, MA), 'Org Route' (MCO F 80), and 'Dest Route' (BOS A 2.5). Below these are fields for 'Credit Status' (Approved), 'TSA Status' (Known Shipper), and 'Quote Type' (Domestic selected). A large 'DEMO VERSION' watermark is overlaid on the page. At the bottom, summary statistics are shown: Total Revenue: \$635.25, Total Cost: \$0.00, Profit: 100.00%, Sales Person: N/A.

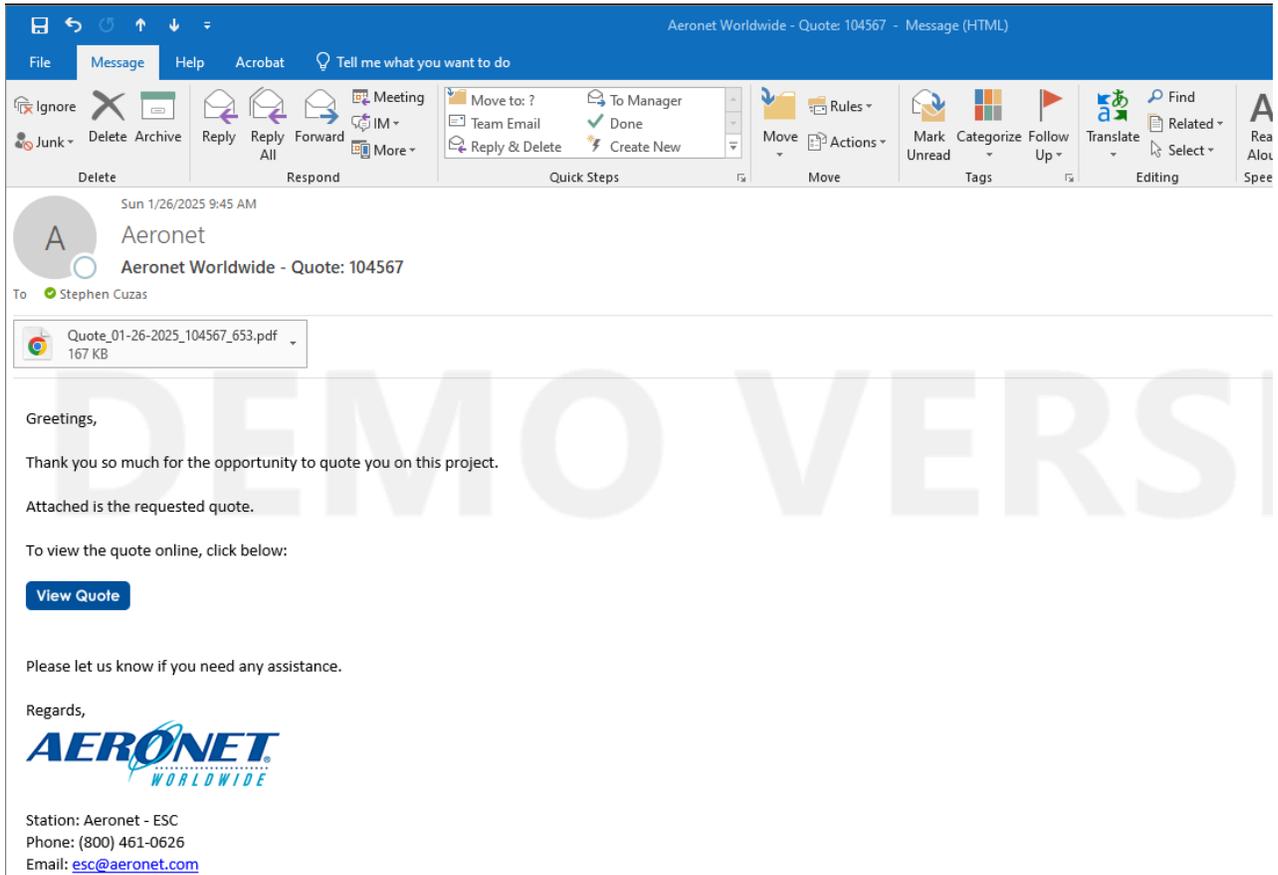

Note:

The quote page will no longer pre-populate an email address into the 'Email Quote To' field. When the user finalizes the quote, the client's email address, or multiple email addresses, can be entered, and the user clicks <Save> to initiate the email to the client.

If a quote is revised after it was initially sent, the user will see a checkbox next to the email address that was originally entered. They can click on <Resend Quote> to send the revised quote. They can also add or change the recipient's email address.

This close-up shows the 'Email Quote To' field containing the email address 'scuzas@aeronet.com'. To the right of the field is a checkbox labeled 'Resend Quote'. Below the field, there is a red text instruction: '(separate email addresses with a comma)'. At the bottom, it shows 'Date Quote Emailed: 01/10/2025 20:14 Pacific' and 'Quote Sent To: scuzas@aeronet.com'. A 'DEMO VERSION' watermark is visible in the background.

The client will receive an email that looks like this:

The screenshot shows an email client window titled "Aeronet Worldwide - Quote: 104567 - Message (HTML)". The interface includes a menu bar with "File", "Message", "Help", and "Acrobat". Below the menu is a ribbon with various action buttons such as "Ignore", "Delete", "Archive", "Reply", "Reply All", "Forward", "Meeting", "IM", "More", "Move to?", "Team Email", "Reply & Delete", "Create New", "To Manager", "Done", "Move", "Actions", "Mark Unread", "Categorize", "Follow Up", "Translate", "Find", "Related", "Select", "Rea", "Alo", and "Spee".

The email content is as follows:

Sun 1/26/2025 9:45 AM
Aeronet
Aeronet Worldwide - Quote: 104567

REFERENCES

* PLEASE NOTE * All reference numbers will be shown on invoice but may not be shown on the airway bill.

You must click the 'Add' button to apply the Reference

Select Reference # Type	Enter Your Reference #	Add
Bill of Lading	<input type="text"/>	Add

Code	Reference Number Type	Reference Number	Remove
No records to display.			

DIMENSIONS

Qty	Description	Length	Width	Height	Dim WT. Lbs
2		45	48	35	604.8

From this page, the client will see all of the details about the quote. If the quote is being accepted, the following fields will be required:

- Pickup Date
- Entered by Name
- Entered by Phone
- Check the box next to 'I agree to Aeronet's Terms & Conditions'

If client wishes to add a reference number to the booking, they can do so in the 'References' section of the page:

REFERENCES

* PLEASE NOTE * All reference numbers will be shown on invoice but may not be shown on the airway bill.

You must click the 'Add' button to apply the References

Select Reference # Type	Enter Your Reference #	Add
Bill of Lading	<input type="text"/>	<input type="button" value="Add"/>

Code	Reference Number Type	Reference Number	Remove
No records to display.			

Note:

Whenever a quote is updated, the system will render the previous email/quote obsolete. While the quote number remains unchanged, the client must use the latest version of the emailed quote when booking.

This error message will display if trying to book from a quote that has been updated:

Quote Summary

Invalid Quote. An updated quote may exist. Please contact Aeronet Worldwide with any questions at esc@aeronet.com

If the client clicks the <View Quote> button after the quote has already been booked, they will see the following message:

When a shipment is booked from a quote, the station will receive the same type of notification as if the client had booked a shipment through AeroTrac Connect. In this case, the notification will specify the quote number associated with the booking, as shown here:

A screenshot of an Outlook email interface. The subject line is "AeroTrac Connect Shipment Upload -- From AeroTrac Quote ID: 104567". The sender is "Aeronet". The body of the email contains the following text:

Aeronet ESC has uploaded order(s) created in AeroTrac Connect to the ESC station.

Please upload orders to AeroTrac by logging into AeroTrac Connect at <http://esolutionsuat.aeronet.com/AeroTracConnect/scr/Default.aspx>

107006142 --- 0Freescale Semiconductor (131800) --- 5DAY --- Due: **04 Feb 2025 @ 17:00** --- Created from Quote ID: 104567

If you have any questions please contact the eSC department.

Thank You,
